

Cruzin Brightz™

Instructions

©Copyright Brightz, Ltd. 2018
Patent Pending • All rights reserved

Step 1 – Install batteries

Unscrew the bottom of the battery pack. Remove the battery holder and insert 3 fresh AA batteries, observing correct polarity (+/-). Align the arrow on the battery holder with the arrow in the battery pack. Slide the battery holder back in and replace the battery cover.

Do not mix old and new batteries and do not mix alkaline, standard (carbon-zinc) or rechargeable (nicad, ni-mh, etc.) batteries.

Caution: *Batteries may explode or leak, and cause burn injury if recharged, disposed of in fire, mixed with a different battery type, or inserted backwards. Replace all used batteries at the same time. Clean battery contacts and contacts on the device prior to installing. Remove batteries if item will not be used for long periods of time. When battery expires remove promptly.*

Step 2 - Placement

Select a position on the handlebars where you want to place Cruzin Brightz™. Loosen the screw on the clamp to open it. Ensuring the light is pointed downwards, position the clamp around the handlebar and tighten the screw.

Optional:

Step 3 – Remove light from clamp

The light can be separated from the clamp for easy removal to avoid theft and enjoy the lighting effects elsewhere.

- To remove the unit, pull the tab outwards and slide to release.
- To replace the unit, slide into place until the tab clicks.

- Cruzin Brightz™ is NOT a safety device and is ornamental in nature ONLY.

- Do not operate the product switch while the bike is being pedaled or any part of the bicycle is in motion.

- Do not mount Cruzin Brightz™ on any moving part of the bicycle (e.g., gears, pedals, chain, brakes).

- This product is designed for use on bicycles only. Improper installation of product will interfere with bicycle operation.

- Do not operate product at night without the nighttime equipment required by your local laws and regulations.

- Product does not take the place of safety equipment, such as headlights and taillights.
